

Ripple

*Falling
Born from water
Return to water
In my coming and going
Do I matter?*

*One drop
Among millions
Falling into a great ocean
It's hard not to feel
Small.*

*And I am small.
But not insignificant.
It's not hard
To take that jump
To make a splash.*

*Our footsteps
Shatter the surface,
Change the landscape.
The ripples we create
Shake the earth.*

*So go forth. Live!
In this great infinity
Whenever you feel small
Know that everyone, even you and me
Make the difference in this world.*
