

Decisions

When you throw away trash
Into the open world,
Life is weakened.

Turtles versus plastic straw.
Seabird versus plastic bag.

These battles shouldn't happen.

When you
Take the time to
Identify
The consequences
To your actions,

Life will not be weakened,
But it will be stronger.
The battle of your decisions,
Good versus Evil,
Should always be won
By Good.

Something doesn't matter because it sits still.
It matters because it has an effect.

Be the positive effect.
