

me yone that is hard. Giving you  
friend. Help your family if it is rel  
crazy. When you see a bolle go say stop  
I did that once and it stoped. Do  
something that will help and it might  
change the world. Go play with a friend  
that is left out. You might think that  
a little bit. But it might change  
the world.
